## 76,295,220

Is the Total Population of the  
United States Accord-  
ing to the Census.

Kentucky Has 2,147,174 Inhabitants

The official announcement of the total population of the United States for 1900 is 76,295,220, of 74,627,997 are contained in the forty-five States, representing approximately the population to be used for apportionment purposes.

There is a total of 134,158 Indians not taxed. The total population in 1890, with which the aggregate population of the present census should be compared, was 63,169,756.

Taking the 1890 population as a basis there has been a gain in population of 13,224,464 during the past ten years, representing an increase of nearly 21 per cent.

The total population of Kentucky as shown by the official count of the census office is 2,147,174 against 1,858,635 as shown by the returns of the eleventh census.

## Great Victory for American Industry.

New York, Nov. 4.—In competition with European bidders, says a London dispatch to the Herald, an American steel company has obtained an order for \$5,000,000 worth of rolling stock for South African railway.

Welsh, Belt & Co., the great South African mining corporations, asked for a bid on coal wagons, to be delivered to the mines at the earliest possible date. The Pressed Steel Car Company, of Pittsburgh, is the successful bidder. The American company not only made a bid a third lower than any other company, but beat the best European bidder in time by eight months.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Name of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Dingham, N. Y.

## WEATHER FOR NOVEMBER.

Official Statement Based on Average Conditions, as Determined by a Long Series of Observations.

Willis L. Moore, Chief of the Weather Bureau, has recently issued the following statement on the weather for November:

"The following statements are based on average weather conditions for November, as determined by long series of observations. As the weather of any given November does not conform strictly to the average conditions, the statements cannot be considered as forecasts:

"In its general character November weather forms a mean between the heat of late summer and early fall and the cold of winter, and, in marked contrast to the severe storms of August, September and October, the weather in the tropical and subtropical regions of the Atlantic Ocean is usually settled and fine. In the Pacific Ocean and on the southeastern coasts of Asia the typhoon season is nearing its end. In the middle latitudes of the oceans the winds become stronger and blow more steadily from the northwest, shifting to west, south west and south as a given parallel is followed from their western to their eastern shores. The storms encountered in the middle latitudes are not as strong as the tropical-hurricane storms of the preceding months nor the storms which occur during the winter season. The southward flow of Arctic ice in the Atlantic has ceased, and but little fog is encountered in the trans-Atlantic steamship routes near Newfoundland.

## Another Expansion.

It will be of interest to the readers of THE REPUBLICAN who use McIlree's Wine of Cardui in their homes to know that the sale of this remedy has so increased during the past year that the manufacturers have had to again increase their capacity by the addition of another large building. It has often been said that an article that finds favor with the ladies is sure to achieve great success. No more striking example of this could be found than the history of Wine of Cardui. From thousands of ladies' letters received by the manufacturers, the following are selected:

From Mrs. Mary Pankowski, 33 Rose street, Chicago, Ill.

No. 100, Post Office No. 100.

The will of the people must be the law of the land.

The voice of the people has shown Goebelin.

Where was "Moses" when the lamp went out?

LITTLE BOY BLUE is still a candidate for matrimony.

The only consolation now left Mr. Beckham is the thought of his bride-to-be.

The proper time to get votes is before the election, for the time comes when votes can not be had.

ONE Aguinaldo will doubtless receive the news of Bryan's election to the office of "stay at home" with a burdened heart.

McKINLEY carried Bryan's own State and didn't even go out to ask it of the voters. Had he gone he might have carried it overwhelmingly.

THAT gentleman in Hartford who carried steel bullets in his trouser's pockets during the campaign is said to have capitulated.

THE Democratic party will have an opportunity to put into practice the teachings of its platform. If they are defeated will they acquiesce therein?

It is not a very good idea for a campaigner in a civilized country to carry galling gun cartridges in his "trouser-loose pockets," or otherwise. "It don't have no effect."

LOUISVILLE gives Yerkes over 5,000 majority with the police, firemen and militia all in the hands of the Democrats. Wonder if anybody was intimidated this time?

It don't look well for christian gentleman to carry a "galling gun" and ammunition when he goes out to argue politics. He might intimidate some of the more effeminate.

We have not yet heard how much Mr. Bryan carried the Philippines, though it is generally understood that he carried them, since the American people forgot that he was a candidate.

The election of E. C. O'Rear in the Seventh Appellate District puts an end to judicial assassination in Kentucky. For Kentucky he comes as a deliverer from the grasp of the rabid partisan.

The ballots throughout the State were printed on exactly the same paper, furnished by the Secretary of State. Wonder if tissue ballots can be detected in heavy Republican counties this time?

From all accounts the "red-handed mountaineers, the assassins and the negroes" have put a quietus on the old blackguard, Jo. Blackburn and the whole of the maligners of truth and honesty.

YERKES has been elected by a decisive majority, but the Goebelites are arranging to steal it again. The Democratic Committees were called to meet in Louisville yesterday. The same thing was done last year. It that don't mean steal "what do it mean?"

The returns of Tuesday's election show heavy gains in the county for both Republicans and Democrats. The largest vote in the history of the county was polled. Yerkes' vote was 3254; Beckham's was 2867; making a total of 6121. In '96 Goebel received 2229; Taylor received 2824; a total of 5054.

AFTER having charge of every precinct in the State and being defeated, how would it appear to the intelligent men, for the Democratic party to resort to a second contest. No one can cry military intimidation or thin ballots, and how on earth can the boys contest without these two charges?

If the Republicans stole the election this, a second time, with all the election machinery in the hands of the Democratic party, don't you think, brethren, that you never saw such rascals? We would suggest, however, that you give us a fair show and we will see that you are not intimidated with fraud, though we may intimidate you with ballots.

With a Democrat in charge of the militia, with a Democrat to purchase the paper and supervise the making of the ballots, with Democrats in charge of the election, they have again been defeated and Yerkes is elected. Wonder what kind of a names will have this time? What kind of grounds can be batched up now upon which to base another contest.

A CERTAIN Beckhamite "wind-jammer," who has traveled the county over, exhibiting rifle cartridges and telling the people that these things make up the sum total of Republican

The total vote cast for President was 6,140. For Governor, 6,124. For Congress 6,114.

argument, was seen leaving town yesterday. Strings were tied about the lower ends of his pant legs and from the holes worn therein hells empty and full, tracked him like corn dropped for tolling pigs.

It is a question of some concern to the public as to what Mr. Bryan will do four years hence. He will, in all probability, be a candidate for the Presidency on some platform, belonging to some party, why has so many parties. He is the most fortunate man in the history in obtaining nominations. He had the nomination from three parties this year and was defeated. Certainly he will be able to induce one of those parties to accept him from years hence. His reputation as a wind jammer is unexcelled.

"It has ever insisted that the will of the majority shall control and the minority must cheerfully acquiesce therein." Thus reads the Democratic platform on which Mr. Beckham made his race. From the returns, it is quite evident that Yerkes has been elected by 2,500, and the Democratic party will have a second trial on accepting or rejecting the will of the people. We hope that the Democracy has enough of honor left to abide by the will of the people this year. Gentlemen for consistency's sake accept the returns whatever they may be and let's have peace in old Kentucky.

### Sick at Heart and Otherwise.

I was once a proud old cock, when I was fed on wholesome food; then I hailed victory throughout Kentucky, but now since I have permitted to come into my family, as advisers, such men as Blackburn, Woodson, McCrary, Beckham, and others of this type, defeat and disgrace is all that I can proclaim to those I once bore victory. I am indeed sick at heart and otherwise of the course my advisers have forced me to take. I trust it will end where it now rests, or I shall be associated with the dead. I am too sick to talk further on the subject.

### Tuesday Delivers Kentucky.

Last Tuesday was the close of the most remarkable campaign ever waged in Kentucky. It has come and gone to the regret of none. The issues of this campaign, as set forth by the Democratic party, were assassination on the part of the Republican party and office stealing for its own banner. On these lines the battle has been waged with great activity on both sides. Many things have been said

that should have remained unsaid, but it is all with the past and should be of the past. On the charge of "assassination" Mr. Yerkes has won fairly and squarely and it is to be hoped that the Democratic party will acquiesce this time without causing further trouble.

Although a conference of the Democratic party was called yesterday in Louisville, it is believed that that party is sick and tired of contest. It could not hope to win this time and another contest would be suicide for that party. It has been fairly and squarely defeated in two elections with

## YERKES ELECTED

Says Mr. Combs, Chairman Republican Executive Committee.

HIS MAJORITY WILL LIKELY REACH 2,000.

"We have official returns from sixty-five counties in the State, which show a net plurality of 3,000 for Yerkes. There is no chance for him to lose. Conceding Beckham the maximum in the other counties, Yerkes is still a sure winner.

"Yerkes has been elected Governor of Kentucky. He will have a plurality that will be sufficient, and one that under the circumstances is very handsome.

"As to which candidate for President will get the electoral vote of the State, it is like tossing a nickel, but there is no longer any doubt in the Governor's race."

HON. JOHN W. YERKES,  
KENTUCKY'S GOVERNOR ELECT.

State, Republicans claim Kansas by 25,000 for the national ticket, and 2,000 for the State ticket; the election of every Republican Congressman with the possible exception of the Third district. Republicans claim the Legislature by a safe majority on joint ballot, insuring the election of a United States Senator. The Populists concede that Republicans carried Kansas and practically admit they have little show except for the election of a Congressman in the Third district.

### Burned To Death.

Georgetown, Ky., Nov. 6.—James A. Norton, of Stoneham, aged thirty-six years, was burned to death at Sadieville last night. He was arrested for being drunk and put in the station house. A short time afterward the building was a mass of flames and every effort was made to rescue Norton, but it was impossible. The structure was soon burned to the ground and Norton perished.

It is supposed that he set the bed clothes afire. Norton was one of the jaymen in the Yontay trial.

### Another Expansion.

It will be of interest to the readers of THE REPUBLICAN who use McKINLEY'S Wine of Cardui in their homes to know that the sale of this remedy has increased during the past year that the manufacturers have had to again increase their capacity by the addition of another large building. It has often been said that an article that finds favor with the ladies is sure to achieve great success. No more striking example of this could be found than the history of Wine of Cardui. From thousands of ladies' letters received by the manufacturers the following are selected:

From Mrs. Mary Pankowski, 33 Ros street, Chicago, Ill.

I have taken a bottle of Wine of Cardui and feel much better than when I wrote you. I did not have any pains in my last monthly period. From Mrs. M. A. Thompson, Kala mazoo, Michigan.

I suffered from what was supposed to be tumor of the womb, but I have taken five bottles of Wine of Cardui and am almost cured.

If you have sore throat, soreness across the back or side, or your lungs feel sore or tender, or you are threatened with diphtheria or pneumonia, apply BALLARD'S SNOW LINIMENT externally, and use BALLARD'S SHOREHOUND SYRUP. For sale by J. H. Williams.

### An Election Tragedy.

Monticello, Ky., Nov. 6.—In a row over politics, near Bonston, Putnam county, J. L. Lott is charged with the murder of M. A. Thompson, a well-known Republican. Lott is charged with the murder of Thompson in a fight over a woman. The tragedy occurred in a rooming house in that city.

## Scrofula

This root of many evils—Glandular tumors, abscesses, pimples and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, calarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness and other ailments including the consumptive tendency—Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Varnum, Waverling, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken the 100 pills she was all healed and her face was smooth. It writes that she has never shown any sign of the scrofula returning.

Davenport. On their way home just North of town the pole of the surrey broke and the carriage became unmanageable and was upset in a ditch, but no one was hurt.

From all indications, the stock law has been defeated by an overwhelming majority, however a very small vote was polled on this question compared with the vote in the gubernatorial race. The farmers have decided that they do not want the stock law just now and will not have their stock confined. In four years they can again vote on the same proposition. It was generally believed that the law would be defeated, consequently, no one is surprised.

Mrs. O. R. Tinsley died at her residence, near Beda, last Sunday night of cancer of the stomach. Her remains were interred in the Alexander cemetery, Monday afternoon, in the presence of a large concourse of sorrowing friends. Mrs. Tinsley was the daughter of Mr. and Mrs. John Westbrooke, of near Bowling Green, and a very congenial lady. She leaves a husband and four children to mourn her loss, together with a large circle of friends. In his misfortune, Mr. Tinsley has the sympathy, his many friends throughout the country. Mrs. Tinsley was a faithful and devout christian and is now enjoying the blessings which she so fully earned.

Dyspepsia is difficult digestion, due to the absence of natural digestive powers

A. L. Morton Dead.

The subject of this sketch was born on the old homestead near Hartford. His father was one of the old settlers of the county; his grandfather was one of the company of men who came here to the old Hartford in 1798. The deceased was educated in the rural district school and at the age of twenty three was appointed to fill an unexpired term as Circuit Court Clerk, caused by the death of his brother John P. Morton. In 1862 he was elected Circuit Clerk and was reelected for the two terms following. In 1890 he was the Democratic nominee for County Judge, but was defeated by Judge John P. Morton, by a small majority.

He was married in Hardin county in 1872. His wife died on April 10, 1889. Three children yet survive—Mrs. Marvin Bean, Misses Beale and Florence Morton, all of Hartford—a brother, Preston Morton, was killed at the battle of Shiloh. Dr. J. C. Morton, of Hartford, Mrs. Byron Chapman and Mrs. C. L. Green, of Mount Vernon, Ill., are the remaining members of the family that yet survive.

He was for years a prominent factor in the Democratic party in Ohio county. An associate of his, says he was one of the best politicians that the county ever had. He was a kind indulgent husband and father, a consistent member of the Presbyterian church, and a man whom every body loved. The interment at Oakwood yesterday at 2:30.

for you, said four different physicians, but I still had sufficient left to try Dr. Miles' New Heart Cure, as it was highly recommended to me. I had suffered for years with heart trouble; so bad was my case I was driven up to die several times. Had given palpitation, short breath and much pain about the heart, fluttering and smothering spells, but Dr. Miles' Heart Cure gave me prompt relief and finally a permanent cure.

## GREAT DAY.

Republicans Rally at Baizetown and Cromwell.

Large Crowds Greet Hon. C. M. Barnett.

The Republicans demonstrated their determination to overthrow Goebelsism. Largest crowd ever assembled at Baizetown on a political occasion and the returns at the election prove the result of Saturday. Col. Barnett made a telling speech. He took up national affairs and discussed them at length, then coming to Kentucky he showed that he was no less familiar with State issues. He paid a splendid tribute to Gov. Taylor. The occasion was a brilliant success in every sense of the word.

The Republicans made extensive preparations for the occasion, having two cornet bands, Baizetown and Taylor Mines, to furnish music.

After the speaking had closed a large procession marched to Cromwell led by the cornet bands, 400 or 500 people assembled there to hear Mr. Barnett. Many ladies greeted the occasion with their presence. To briefly state the case, it was the great day that Baizetown and Cromwell ever enjoyed in the way of a political treat.

To Turn Search Light on Kentucky Returns.

Washington, D. C., Nov. 7.—There is great rejoicing in Washington over the election. There never was any reasonable doubt of McKinley's re-election, but the fact that the defeat of Bryan and Bryanism has been so significant, is regarded as the greatest importance, as it ends Bryan's dictatorship over the Democracy and prepares the way for the party's reorganization on lines more really Democratic and more conservative.

The fact that Senator Pettigrew, of South Dakota, whose support of Aguinaldo in the Senate and his general conduct was most irritating, has been beaten, and that Lutz, the demagogue from the Columbus (O.) district, has probably been defeated, are most gratifying to all Republicans.

Then the almost certain defeat of Bryan in Nebraska is considered as one of the most gratifying features of the election.

The later returns simply make the Republic a victory the more complete and the departure of Bryan from public attention the more certain.

The only news that is at all unsatisfactory comes from Kentucky, though Secretary Heath, of the Republican National Committee, says the State is surely Republican.

If Kentucky is declared as carried for Bryan the opinion here is that it will have been the result of stealing

and there is already talk of Congressional investigation of the election there, and of preventing Blackburn from taking his seat in the Senate.

If you are suffering from drowsiness in the day time, irritability of temper, sleepless nights, general debility, headache, and general want of tone of the system, use HERRINE. You will get relief and finally a cure. Price 50 cts. For sale by J. H. Williams.

Lawrence and her pastor, Rev. E. D. Maddox. She leaves a devoted husband and seven children to mourn her departure, two of whom are married. Sister Allen was a good christian woman and will be greatly missed in the church, at home and in the community. She professed religion at the early age of fifteen years and at the time of her death was a consistent member of the Smallhouse Baptist church. The long procession of friends and relatives who accompanied her remains from her home to its last resting place and the crowded house with its weeping and sympathetic friends truly testify to the love they bore her. The bereaved family have the sympathy of all in this sad hour of bereavement.

First—Because the proprietors have always been most careful in selecting the various ingredients used in its composition, namely the finest Cod Liver Oil, and the purest Hypophosphites.

Second—Because they have so skillfully combined the various ingredients that the best possible results are obtained by its use.

Third—Because it has made so many sickly, delicate children strong and healthy, given health and rosy cheeks to so many pale, anaemic girls, and healed the lungs and restored to full health, so many thousands in the first stages of Consumption.
